

Name _____ Scratch Blocks and Partial Scripts Part 3

Cut apart the blocks below and glue them on this script in the correct locations.

A Scratch script template on a grey grid background. The script starts with an 'if' block containing a white arrow-shaped condition block. Inside the 'if' block is a 'then' block containing a 'repeat' block with a white rounded rectangle for the number of repetitions. Inside this 'repeat' block is another 'repeat' block with a white rounded rectangle for the number of repetitions and a large white rectangular area for code. Below the 'then' block is an 'else' block with a white rectangular area for code. All blocks are orange with white text and arrows.

A collection of Scratch blocks on a grey grid background, intended to be cut out and pasted into the script template. The blocks include:

- A green arrow-shaped block with a white rounded rectangle and the number '8'.
- A purple 'next costume' block.
- A green 'stamp' block.
- A purple 'change color effect by 25' block.
- An orange 'number of dances' block.
- An orange 'number of moves' block.
- An orange 'number of dances' block.
- A yellow 'wait 0.5 secs' block.
- A purple 'say The number of dances must be less that 8. for 5 secs' block.
